

IRON FIREMAN WARRANTY

We agree that the apparatus manufactured by the Seller will be free from defects in material and workmanship for a period of one year under normal use and service and when properly installed; and our obligation under this agreement is limited solely to repair or replacement at our option, at our factory, of any part or parts thereof, which shall, within one year from date of original installation or 18 months from date of shipment from factory to the original purchaser, whichever date may first occur, be returned to us with transportation charges prepaid which our examination shall disclose to our satisfaction to have been defective.

Seller shall have no responsibility for the performance of any product sold by it under conditions varying materially from those under which such product is usually tested under existing industry standards or indicated in the application data published for such equipment. This agreement to repair or replace defective parts is expressly in lieu of an disclaimer and exclusion of any implied warranties of merchant-ability and fitness for a particular purpose, as well as other implied warranties, in law or equity, and of all other obligations or liabilities in our part. There are no warranties which extend beyond the description hereof.

We neither assume nor authorize any person to assume for us any liability or obligation in connection with the sale of our apparatus, except said repair or replacement of the defective part as set forth above. Our liability does not include any labor charges for replacement of parts, adjustments, repairs, or any other work done outside our factories and our liability does not include any consequential or resulting damage to persons, property, equipment, goods, merchandise, profits, good will or reputation arising out of any defect in or failure of our apparatus. Our obligation to repair or replace shall not apply to any apparatus which shall have been subject to negligence, to misuse, or to uses other than that for which the equipment is designed. On parts not of our manufacture, such as motors, controls, etc. we extend only the same warranties given to the Seller. Our agreement here under runs only to the original purchaser and does not extend, expressly or by implication, to any other person. Nothing in the above warranty provisions, however, shall impose any liability or obligation of any type, nature or description upon Dunham-Bush if Dunham-Bush has not received payment in full for the apparatus in question.
